

# County's share of Del Mar gets new face

By JULIE DAFFERN  
LAREDO MORNING TIMES

Commissioner Jerry Garza may only have one county road — and he shares that one with another commissioner — but he's proud to see its brand-new surface.

Workers finished paving more than a mile of Del Mar Boulevard east of Loop 20 about a week ago. Garza said traffic from Iglesia Cristiana Misericordia was just too much for the road littered with bumps and pot-holes.

"The road just wasn't in the condition to handle all that traffic," he said.

The improvements were just the first phase of the project, funded by about \$500,000 in grant money. This stretch of road took up about \$125,000 of the funds, Garza said.

County officials will continue resurfacing Del Mar Boulevard until funds run out.
